## Erie Board of Trustees Action Items September 23, 2014

**Board Issues Resolution of Support for BVSD Ballot Measure 3A** – During Tuesday night's meeting, the Board of Trustees approved a resolution of support endorsing Boulder Valley School District (BVSD) Ballot Measure 3A set for the November 4, 2014 General Election ballot.

Earlier this year, the Boulder Valley School District Board of Education unanimously approved the recommended BVSD Facilities Master Plan and, separately, approved a capital improvement bond measure in the amount of \$576 million to be considered by the district voters at the November 4, 2014 general election.

A Capital Improvement Planning Committee, made up of mostly of private citizens, assessed the district's capital needs for more than a year and recommended a new BVSD Facilities Master Plan to the school board made up of proposed capital improvements in the areas of critical repairs, preventative maintenance, asbestos removal, enhanced building security, increased energy efficiency to support green building principles, renovation of learning spaces, building replacement as needed and other improvements touching every district building.

According to Briggs Gamblin, Director of Communications for BVSD, if approved this bond would pay for the construction of four new schools including the first ever BVSD school located in the Town of Erie. Gamblin said that the annual cost for residents located within the district would be approximately \$47 per \$100,000 in assessed valuation.

**Board Awards Construction Contract for Connection Coal Creek Trail** – During Tuesday night's meeting the Board of Trustees awarded a construction contract for the Coal Creek Trail Access Connection at Bonnell Avenue in the amount of \$191,793. This connection includes a pedestrian bridge crossing that will join the trail system on east side of Coal Creek to the trails at Erie Commons and the sidewalks on Bonnell Avenue. The recently completed parking lot at the Leon A. Wurl Service Center will provide parking and serve as a trail head for this connection.
